

CrystalClear® Algae-Off

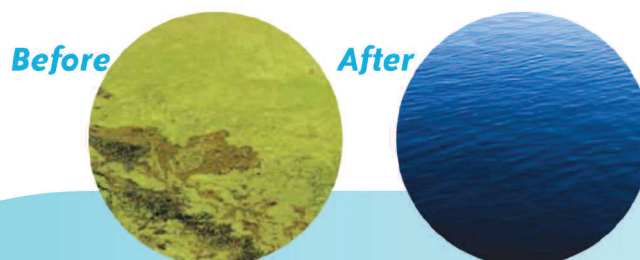

Kills Algae Immediately · Works On Contact · Money Back Guarantee

Algae-Off® is an EPA registered, granular algaecide. Application of Algae-Off® is in a dry form which is why applications are in square feet.

Once the product is applied it will fall through the water column (doesn't dilute) to make contact with algae.

Once product makes contact, string algae begins to die instantly. After Algae-Off® is applied there is little to no residual left in the water system.

- 살포 즉시 조류 제거
